AT THE ANNUAL MEETING of the HANTS & WILTS ADULT EDUCATION SOCIETY held at Southampton, on the 22nd of August, 1855, under the presidency of the Chairman of the Committee of Council of the Society of Arts, directions were given, that, with the view of assisting INSTITUTES AND READING-ROOMS in the PURCHASE OF BOOKS, a Catalogue should be compiled of the Books which are found to be most popular in the various Institutions in Union with the Society.

In compliance with this direction, the Secretaries issued a circular addressed to the President or Secretary of each of the Institutes, Reading-Rooms, Lending Libraries, Schools, &c. in Union with the Society, requesting them to furnish the Titles of TWELVE such BOOKS, or sets of Books, as have THE LARGEST CIRCULATION among their respective Members. The information thus acquired is now published in this digested form, in the hope that it may prove useful to other SOCIETIES having for their object the promotion of MENTAL IMPROVEMENT AND RECREATION among all Classes.
